

UNIBODY  STRONG

# Inside every Honda truck is a Honda truck.

The full line of Honda trucks may all look different and be built for different purposes, but they have one thing in common: Every Honda truck is built on a rigid unibody frame. And, a unibody is stronger, safer, smoother, and quieter-riding than traditional body-on-frame construction. After all, as good looking as Honda trucks are, it's what's inside that counts. See the Element, Pilot, Odyssey, Ridgeline and the all-new CR-V inside, and out, at [honda.ca](http://honda.ca).
